The Official SCOTT ADAMS' ADVENTURE
HINT BOOK

Adventure
Soft

THE FOLLOWING IS A METHOD USEFUL IN MAPPING ADVENTURES

Each room is represented by a box with the name of the room in it, and all original items found in it noted alongside.

Directions from a location are indicated by a line coming out of anywhere on the box, but with the direction leaving the box indicated by the first letter of that direction.

The above shows it is East from the grove to the swamp and West from the swamp to the grove. In the case of being able to go only in one direction, an arrow is put at the end of the path.

This indicates that upon leaving the grove you go north to the forest, but that you cannot return!

The best way to use this system is that, upon entering a location, you draw a line representing each possible exit and its direction. Later you connect them to rooms as you continue your exploration.

The advantage is that you will not forget to explore an exit once you get past your initial probe. Another advantage of this system is that you never need to redraw your map as you stick extra locations anywhere on your paper.

Also notice that on the forest the exits N, S, W are available, but that they all return to the forest! Note also that as additional locations were found off the swamp, the map was not redrawn. Instead, the locations were simply put where needed. And since we "climb tree" instead of going in a particular compass heading, we wrote that as directions to leave the swamp.

I hope you will find this an easy system to use. You should find that once you start using it, you will spend less time mapping or wandering around lost than you may have in the past! P.S. - Systems analyst may recognize this system as a modified H.I.P.O. diagram used to indicate program flow and control.

HOW TO USE ADVENTURE HINTS

First, go to the Adventure you are working on. Read the questions until you get where you are stuck. The numbers underneath refer to the dictionary listed at the end. Match each number with its associated word and you'll find an Adventure clue! Also remember to look back up at the top of the screen after each command as things may change in your current location!

HAPPY ADVENTURING — Scott Adams, Chief Adventurer

In event this Hint Book still doesn't solve your problem, write down exactly where you are stuck & what you have done. Send this information along with a stamped self addressed envelope to Adventure Hints, Box 3435, Longwood, FL 32750 for additional help. Do not call Adventure. Hints will not be given out over the phone.

SCOTT ADAMS' ADVENTURE
HINT BOOK

HELP AT LAST!

Having a problem with a certain Adventure? Can't figure out how to get out of the bog, or where the pharaoh's heart is? These and many other clues are given in this specially formatted booklet, designed to help you as little as possible while still letting you solve the Adventure yourself. All without giving away any clues until you really want them! How can we do this, you ask? Here is a sample of the format contained within the book itself.

— Sample Of An Adventure Tip Sheet —

Read the questions until you get to where you are stuck. The numbers underneath refer to the dictionary listed at the end. Match each number with its associated word and you'll find an Adventure clue.
